Dear Housing Choice Voucher Program Landlord:

Recently, the Housing Choice department implemented a policy making Housing Assistance Payment (HAP) contracts effective on the first day of the month. Many of you disagreed, stating that such a change would create a hardship for many owners and participants alike. We appreciate your input and we listened.

Starting immediately, HAP contracts will be effective on either the first or fifteenth of the month after the unit passes initial HQS inspection. This change should alleviate any hardship owners may experience by waiting until the first of the next month for a contract.

Housing assistance payments will continue to be processed during first of the month check runs only. There will not be mid-month check runs.

Thank you for your participation in the Housing Choice Voucher program.

Housing Authority of DeKalb County
Housing Choice Program
Robin Dix, Director
